Rohan Jarkal

AWS Cloud & DevOps Engineer | Automation Enthusiast

Navi Mumbai 9321970648 jarkalrohan@gmail.com LinkedIn GitHub Portfolio

SUMMARY

DevOps and Cloud Engineer with hands-on experience building practical projects using AWS, Linux, Git, Docker, Kubernetes, and Jenkins. Strong foundation in containerization, CI/CD, container orchestration, cloud infrastructure, and Infrastructure as Code (IaC). Seeking an entry-level opportunity to apply technical skills in automation, deployment, and cloud infrastructure management.

SKILLS

- CI/CD & Automation: Jenkins, GitHub Actions, Argo CD
- Cloud Platforms: AWS (EC2, S3, VPC, IAM, EKS, ECS, ECR)
- Containerization & Orchestration: Docker, Kubernetes, Helm, Kustomize
- Infrastructure as Code (IaC): Terraform
- Version Control: Git, GitHub
- Security & DevSecOps: SonarQube, Trivy
- Scripting & Automation: Bash, Python
- Monitoring & Visualization: Prometheus, Grafana

PROJECTS

Project 1 — End-to-End CI/CD Pipeline with Jenkins & Kubernetes
Tools: Jenkins, Argo CD, Docker, Docker Hub, Kubernetes, Git, GitHub, Linux
- Implemented separate Jenkins CI and CD pipelines to automate application build and deployment.
- Built and pushed Docker images to Docker Hub, using a two-repository approach for application code and Kubernetes manifests with automated image updates.
- Configured Git-based triggers, Kubernetes deployments through Argo CD, and automated notifications for pipeline status.

Project 2 — 3-Tier Application Deployment on AWS EKS
Tools: AWS EKS, ECR, EC2, VPC, IAM, Docker, Kubernetes, Linux
- Deployed a containerized 3-tier application (Frontend, Backend, and Database) on AWS EKS.
- Built Docker images and stored them in Amazon ECR for deployment to the Kubernetes cluster.
- Configured Kubernetes Deployments, Services, and networking to enable communication between application tiers.

PROFESSIONAL EXPERIENCE

Web Development Intern, *Jun 2026 – Aug 2026*
[B.G. Shirke Construction Technology Pvt. Ltd.]
- Developed and maintained web application features using [HTML, CSS, JavaScript, React, etc.].
- Worked with application debugging, troubleshooting, and fixing technical issues.
- Collaborated with team members using Git and GitHub for version control.
- Gained hands-on experience with application development, testing, and software development workflows.
- Developed an understanding of how web applications are structured and function.

EDUCATION

Bachelor of Technology in Computer Engineering 2022 – 2026 | Navi Mumbai, Maharashtra
A. C. Patil College of Engineering — Kharghar

CERTIFICATES

AWS: Zero To Hero – (TrainWithShubham)

Kubernetes on AWS EKS & ArgoCD – (TrainWithShubham)
